[Small NFT Hydroponics System](#): Hydroponics is a type of agriculture that uses no dirt, and usually results in larger, fuller plants. I recently became interested in the topic, and decided to start my own vegetable garden using the Nutrient Film Technique (NFT). It involves a ch [NFT System | Full Hydroponic System | CropKing](#)
An NFT (Nutrient Film Technique) system is an investment in the future of your business and we make certain that every component in our full hydroponic systems is of the highest quality. The NFT re-circulating system efficiently reduces water consumption. End caps for both end of the channels and a spout that drops directly into the return drain makes for a completely closed system. We have
