### Cube Refresh Performance Issue | Oracle Community

Cube loading is a two step process: (1). Loading relational data into the cube (i.e., stored measures) (2). Aggregating that data in the cube. You have to find out which step is taking more time now.

### Ascii Table - ASCII character codes and html, octal, hex ...

ASCII Table and Description. ASCII stands for American Standard Code for Information Interchange. Computers can only understand numbers, so an ASCII code is the numerical representation of a character such as 'a' or '@' or an action of some sort.

### Square-1 Cube Puzzle - An overview and Beginner's Solution

Square-1. The Square-1 (previously called as Cube 21 and Back to Square One) is a shape-shifting three-layered twisty puzzle. Its solution is very unique because the kite-shaped corners and the triangular edges are indistinguishable to the puzzle's inner mechanism, meaning that corners can be swapped with edges and therefore it's possible to
