David Hand The Improbability Principle Scientific Bantam

probability Principle: the law of inevitability, the law of truly large numbers, the law of selection, the law of the probability lever and the law of near enough. Putting the laws together leads to extra-ordinary events: nancial crashes, winning the lottery twice, being struck by lightning seven times etc.

The Improbability Principle Why Coincidences Miracles

The Improbability Principle has a very interesting concept: offering theories as to why the highly improbable seems to happen all the time. I will grant that Hand's explanations are very insightful, but getting there proved to be hell. After making my way through The Improbability Principle, I came to a startling revelation: I really have to stop running out and buying books with positive reviews in MacLean's.
